SAVE ON YOUR DENTAL PLAN

In-network dentists will save you money

Did you know that you can save money when you see a dentist in the Blue Cross and Blue Shield of North Carolina (Blue Cross NC) network? Our dental network is growing rapidly. If you don't have a dentist or are looking for one, chances are there are several in-network dentists to choose from, not far from where you live. You'll also have access to dentists in all 50 states through our national network, GRID+.

Save on out-of-pocket expenses

Dentists in our network are paid a fixed fee which gives you immediate savings for covered dental services. That means that you're not responsible for any charges above the allowed, contracted amount for covered services. We make sure our rates give you the best value for your money.

No claims to file

When you go to an in-network dentist, your dental claims will be filed for you. There's no paperwork to complete. You save time as well as money.

Quality you can count on

In-network dentists are credentialed by Blue Cross NC. Dentists must meet certain standards to participate in our network.

You still have freedom to choose

You don't have to use an in-network dentist. You can still see any dentist you choose. But an out-of-network dentist may require full payment at the time of service, and they can bill you the balance over what Blue Cross NC will pay. Remember, seeing an in-network dentist could save you money.
